Tips for Using This Article to Spread the Word of God

Congratulations!

You have taken a very important step in downloading this article. After you have read it for yourself, I hope you will want to share it with others. Here are some suggestions you may want to use to spread God's Word by publishing this article:

Submit to a Church Newsletter

Church's are always looking for articles to run in their newsletters. Call the church first and ask them what format they prefer the article to be in. If they want the article on computer disk, you will need to go to our website, go to the page where the article appears, highlight the article and copy and paste it into either MS Word, Wordperfect, Notepad, or whatever word processing software program you use.

Depending on the software you paste the text of the article into, you may have to reformat it. (Sometimes, extra spaces and weird symbols will appear in some software programs. Therefore, I highly recommend you paste the text you copied from our website to Notepad [under Start/Programs/Accessories if you use Windows] so it will be free from formatting. Then, copy and paste the text from Notepad into your word processing program) and save on a diskette or email.

Of course, if the church accepts PDF format, you can simply email them the PDF file you downloaded originally from our website or copy onto a diskette.

Or, if the church prefers the article to be submitted in typed form, just print out a copy of the article on your printer and hand it to them. (Note: faxing the article may cause some parts of it to be hard to read.)

Offer as a Free Download From Your Website

Place this article (in PDF format) on your own website and allow others to download it free of charge. If you have other products and services you sell from your website, the free articles will make an excellent "attention grabber" for new customers. In marketing, let everyone know about the free articles available for download. People will visit your website to get their free article and be introduced to your products or services at the same time.

Distribute in Your Regular Mail

If you correspond with relatives or any group by mail, place a copy of this article in your mailing.

Send the Article by Email

When you first download this article in PDF format, make sure you save it on your computer so you can easily find it later. It would be best to make a new folder called something like "articles" and copy all the articles you download from our website inside this folder. When you are ready to send your email, attach the PDF file (in your "articles" folder) and send it.

Create a Booklet

You can also download all the articles available on our website and format them into an attractive booklet. Most people prefer the 5x8" format (the size of a sheet of typing paper folded in half), but you can present the material in any format you desire to fit your audience. You may want to charge a small fee for each booklet to cover your costs for printing and distribution.

Create a Booklet PDF Download

If you purchased the full version of Adobe Acrobat, you can download all the articles available on our website and combine them into one document. You save this one document and provide it as one PDF download (rather than separate article downloads.)

Selling These Articles for a Profit

Although we do not intend for these articles to become a money-making venture for people, if you wish to charge a fee and sell these articles -- all that is asked is that you donate 10% or more of the income to a Holy-Spirit filled ministry to benefit God's people.

Please understand -- the sole intention of our articles is to spread God's word throughout the world. The fastest way to do this is by providing our articles copyright free. However, as mentioned -- they are not intended to become a money-making venture so please use fair and righteous judgment in your distribution of these articles and pray that God will use them to touch the right people so they may be saved.

What About the Roman Catholic Bible and the Living Bible?

The Roman Catholic Bible is also a corrupt document. What many Catholic's don't know is that the Roman Catholic Bible used today originated from Alexandria, Egypt -- and it was composed by a neo-Platoism school. You see, Alexandria, Egypt was a "melting pot" for a wide variety of religions and beliefs. They combined text from the 92 papaya (the oldest known documents to exist of the Bible today which were discovered 80 miles from Alexandria, Egypt), as well as the Greek manuscripts and a variety of other sources, including Aryan. The idea was to publish a Bible that would satisfy the masses.

This may not sound like such a "big deal," but it is my opinion that this was all done deliberately with Satanic influence. Here's why: In 1 Timothy 3:16, the 1611 King James Bible says:

"And without controversy great is the mystery of godliness; God was manifest in the flesh, justified in the Spirit, seen of angels, preached unto the Gentiles, believed on in the world, received up into glory."

But in the New Revised Standard Version, "God" is changed to "He." This small change can mean a big difference when someone is trying to understand about God's plan of salvation. Remember -- Satan is the author of confusion and subtle changes like this can do more damage because they are changes that are hard to find.

Later in this chapter I have listed several New Testament Bible verses omitted in other Bible versions, compared with the 1611 King James Bible. Why then would anyone want to read anything except the original 1611 King James Bible? The facts are right before our eyes. Archeologist's have physically discovered the paprya and Greek manuscripts. They exist today in

reality! If they all agree 85% to 99% with the 1611 King James Bible, why dispute the facts? Accept reality and get yourself an original 1611 King James Bible (with no copyright) and start studying it.

My Personal Experience with the Living Bible

For graduation from high school in 1976, I received a Living Bible from Billy Graham Ministries. Because I believed Billy Graham to be the man most "in touch with God" on the planet at that time; and because I had been "brain-washed" into believing that the King James Bible was too difficult to understand -- I made the Living Bible my major source of study in God's Word.

In 1998 I was introduced to the following facts and studies presented to you below. Immediately I dug deeper into the subject myself. I compared different Bible Versions (i.e., New King James Version, New International Version, New Revised Standard Version, New Century Version, New American Standard Version, Revised Standard Version and The Living Bible.) I then started searching for an original 1611 King James Bible and discovered they were extremely rare and hard to find. I visited Christian bookstores from Ohio to Tennessee and not one of them carried the original 1611 Version. When I walked into the store, every clerk declared they carried a huge line of King James Bible's; however, if you look in the front of the Bible and find it carries a copyright -- you are NOT buying an original 1611.

That's because the original Bible never carried a copyright. Our forefathers -- a group of 88 Godly men, who painstakingly translated the original Greek and Aramaic texts into the 1611 King James Bible Version -- wanted the Word of God to be preached to everyone. Therefore -- anyone could

copy and reprint the Bible as long as the words were not changed. But in order for a Bible (or any published book) to carry a legal copyright, the text must differ a minimum of 20% from the original text in order to qualify by law.

When I discovered this fact, I immediately began to research the subject deeper since I naturally wanted to be reading the Word of God. The first thing I had to do was locate an original 1611 King James Version. Like I said before, I didn't have any luck trying to buy one from a Christian bookstore locally, so I started sending away for information from TV evangelists, but still came to a dead end. One day I was visiting my brother and was looking through some of his old books. I jumped for joy when I found an original 1611 King James Bible presented to him in 1953 for perfect attendance by his teacher Lawrence Sproles in St Paul, Virginia. Excitedly I told my brother how hard I had been searching for this Bible and the reason why. Naturally, he gave it to me so I could continue my research.

For those of you who don't believe in spiritual feelings, you will not understand what I am about to say. But as God is my witness -- when I opened that 1611 King James Bible I could feel a power around me like none I had felt before. I started at the beginning -- Genesis -- and after reading the first 3 chapters I had an understanding of the Garden of Eden that I had never read about before in the other Bibles. And as I dug deeper into this powerful Bible, God increased my knowledge of who He really is and began teaching me things I never knew before. Suddenly missing parts of my life, and experiences I had lived through, started making sense. And beyond that -- God increased my chances of witnessing to others about Him by 100 fold. So needless to say, my life completely changed when I started reading the original 1611 King James Bible and I thank God that He re-

vealed the truth to me -- which I am now passing on to you..

So now that I was convinced that the King James Bible was working for me, I decided to investigate others who had researched the subject. The best resource I found was Gail Riplinger's Lecture Series called "Perfection or Perversion." (Purchase from AV Publications Corp, PO Box 280, Ararat VA 24053, 1-800-435-4535.) This 3 hour videotape source presented me with factual evidence after factual evidence of how the other Bible's were written, who the people were that did the translation and why they specifically omitted important key words like "God," "Jesus," and "Satan" from the other Bible versions. I urge you to get this video and study it because it will provide you with many more facts than I have presented here. And in the process, you will learn more about God -- your Creator -- than you ever thought possible. I guarantee it will change your life forever!

The AV 1611 King James Bible

If you are unable to locate a copy of The King James Bible AV 1611 edition in order to compare the verses above to your Bible, go online to <http://www.servantofjesuschrist.com/kjv1611/> to view the online version available on our website or go to

<http://www.servantofjesuschrist.com/kjv1611/download.html>

to download the entire AV 1611 King James Bible in PDF format for reading offline. You must have Adobe Acrobat reader installed on your computer to view the PDF version.
